Additionally, CFG's efforts support young people and their families who have been impacted by cancer, so that they may approach life with renewed strength and optimism. With this dual approach, CFG's goal is to help ensure that the next generation becomes the first cancer free generation. CFG's executive committee consists of young professionals working in a variety of fields including entertainment, finance, law, real estate, and medicine. Many members of CFG's leadership are, themselves, young cancer survivors. Their common vision is the desire to build a more inspired community via connecting interesting and passionate young people who make a difference in the world and who want to change the future of cancer.

Many generous sponsors are supporting the tournament this year, including presenting sponsor Four Seasons Resort Los Cabos, as well as Skadden, Computacenter, Midnight Radio, Dentons, SunTrust, Mercedes-Benz of Beverly Hills, Mosaic, Skiermont Derby, and many more.
