DONNA ROSEN

CHAIRMAN TOWER CANCER RESEARCH FOUNDATION

A former Miami school teacher, Donna Rosen has always recognized the importance of family, philanthropy, and fulfilling personal goals. She moved to Beverly Hills in 1974 and has never looked back. In 2011, she joined Tower Cancer Research Foundation and will become Chairman of the Board in 2018.

What is your favorite thing about Beverly Hills?

There are so many things about Beverly Hills that make it my favorite place to live. First, our incredible Police and Fire Departments are unparalleled, along with our outstanding public schools, local businesses, and beautiful neighborhoods.

What is a cause that is close to your heart?

Eliminating cancer is a cause close to my heart. Better treatments and support for patients and their families and hopefully someday a "vaccine" to permanently eradicate cancer is more than a "cause," it's my goal! That's a big part of why I'm so passionate about Tower Cancer Research Foundation.

What is your favorite business or restaurant in Beverly Hills?

There are so many wonderful places and services in Beverly Hills my list would be too long. Our favorite "go-to places" that my husband and I frequent are Craig's and The Grill on the Alley.

How do you measure success?

There is a great quote that resonates with me, "The true measure of your success will be the number of people touched and transformed by your success."

Who is the most influential person in your life?

My husband- he is a great listener, extremely supportive of everything I do, and brings out the best in me.
